

Steps for Creating Account on Ludo King

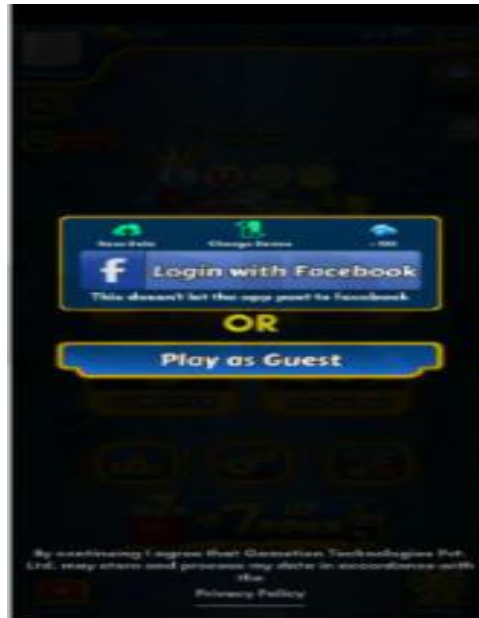

Step 1: On your Android or iPhone, go to the Play Store or App Store to download the game. Either search Ludo King or go to the top charts section to easily find the game.

Step 2: Once downloaded, simply open the game and you will be greeted by the first screen. Here you will see the option for language selection. Select your preferred language and click on continue.

Step 3: In the next step, you can either login to the game using Facebook or play as a guest. The app notes that it does not post to Facebook. We chose to play as guest.

Step 4: If you choose to play as a guest, the next screen will have additional options. You will first need to select your country and then change the guest name and also select a profile picture. For those who sign up with Facebook, it fetches your profile information from there.

HOW TO START GAME WITH YOUR OPPONENT

Start the game on the LUDO KING APP by connecting with your opponent on WhatsApp via the Ludo WhatsApp group.
